James Thompson's house near Murphysville was burned to the ground Wednesday, destroying everything in it, even to his clothing.

A peculiar feature of the meetings being conducted by Evangelist Fife at Manchester is the surprise meetings, everybody going to church before breakfast.

The police of Lexington have been instructed to kill all dogs that do not wear tags showing that the taxes on same have been paid. So far the policemen have killed nearly 700 dogs.

Kineman's Show is a success! The acrobatic features are good, the contortion act is No. 1, the dancing excellent and would be better if the music were suitable, while Lee Metcalfe is perfectly at home as a Clown. Altogether, the show is well worth the money, and Mr. Kineman merits a liberal patronage. Matinee this afternoon, and performances this evening and Monday, Tuesday and Wednesday evenings of next week.

During one of his sermons at Owensboro the other day Sam Jones inquired of the Rev. Fred D. Hale "if he had ever known a Christian to walk into a saloon and take a drink." Mr. Hale replied in the affirmative, but the Georgia Evangelist took issue with him, and disputed that a man could be a "beer gazer" and a Christian at the same time. After considerable discussion, which promised to amount to a debate, Mr. Jones stated that if his position was wrong he ought to be of a job.

## A PICTURE OF HEALTH TODAY.

Mrs. Moore Was Sinking--Paine's Celery Compound Made Her Well.

The people have given their verdict! Every state, county and most humble village has had a voice in it.

There is a consensus of testimony from all America to the fact that Paine's Celery Compound is making sick, tired, nervous men and women well and strong again.

There have been published by thousands in every state in the country, this spring, testimonials from people in every station of life in those states telling of many, many cases where this greatest of all remedies has made people well.

The Ledger has published the unsolicited testimony of well known and highly esteemed people in Maysville who have found health and strength in the remedy that was first prescribed by Professor Edward Phelps, M.D., LL.D., of Dartmouth College.

Men and women of National reputation have written thankful letters on the same subject, which have been published the world over, and have called forth unasked for responsive letters from equally

Robert Buckler will deliver an oration Memorial Day at Mt. Olivet.

prominent men and women in other lands.

Below is a letter that commends itself in this spring month of May to every woman in Maysville. It was voluntarily written to Wells, Richardson & Co. by a lady whose portrait, given above, is assurance of her high character and honest disposition. She is a picture of womanly health. She is Mrs. Robert M. Moore of Laporte, Ind., and she writes:

"Please accept my heartfelt thanks for the great good Paine's Celery Compound has done me. I do think that there cannot be too much said in its favor. I was completely run down a year ago, and had the advice and attendance of two of the best physicians in the town, who pronounced my sickness nervous prostration. I was treated by one for two weeks, and then went to another and at first he seemed to help me, but after a while instead of getting better I went from bad to worse."

"At the earnest solicitation of two of

my children and a dear friend, who was very much interested in my case, I commenced to take Paine's Celery Compound and took seven bottles, and am thankful to say that I am a well woman today. Considering the low state of health in which I was, my cure has been pronounced wonderful. You can use this communication as you see fit."

For recovery from the effects of too constant indoor work, worry, over-exertion of body or mind, and for the general depressed state of health that is so apt to result from a sedentary life of hard work and routine, Paine's Celery Compound is the one strictly accurate relief. It refreshes and restores the worn-out tissues, disposes the body to take on new flesh, and rapidly clears the system of the used up elements that clog its healthy working.

Bruiding indoor workers who seldom get a long breath of fresh air—and there are many such, both men and women—recover vigor of the nerves and vital organs through the use of Paine's Celery Compound.

Alberty Coleman has just become the father of his sixteenth child.
